CAPT. BILLY BATTE BRYAN

DIES IN PLANE CRASH ON BRITISH ISLES

Capt. Billy Batte Bryan has been killed in action over England, it was announced at 3:30 p. m. Sunday by Mrs. Bryan from her home in Orlando, Florida.

Mrs. Bryan telephoned John Bryan, father of Captain Bryan Sunday afternoon stating that she had just received word from the commanding officer of the Group to which Capt. Bryan was attached.

According to the information Capt. Bryan met his death in a crash over England and no details were available. John Bryan, the father, had not been officially notified by the Army Air Corps up to noon Monday. Capt. Bryan, it was said, was killed on July 2.

A letter from Capt. Bryan was received last week. He had just been promoted to Captain.

Capt. Bryan was among the heroes of the invasion of France on June 6th. On the day of the invasion he was one among a number of Texas flyers who were the first to reach the invasion coast and engaged the Germans. In the battle which ensued Capt. Bryan shot down two German planes and may have shot down a third. He became separated from the formation and suddenly discovered two Messerschmitts on the tail of his ship and two other Germans moving in for the attack. He maneuvered his ship out of danger and into combat position, getting two of the Germans and badly damaging another enemy plane.

Capt. Bryan then executed a dive of several thousand feet to shake off other planes and made his way safely to his base. This information was contained in published accounts of his exploits. Since invasion day he had bagged another German plane, making a total of three. Two other German planes are believed to have fallen before the guns of his Thunderbolt.

In the letter which his father received Capt. Bryan said he had obtained a car which he was using. The machine was captured from the Germans in France. Capt. Bryan was visiting the front at the time. It was not known whether he had been based in France or was still quartered in England.

Additional information was expected soon and will be communicated to The Herald.

Mrs. Bryan until recently was making her home in Cameron but had returned to her home in Orlando to be with her father T. D. Sangster. The commanding officer of the group to which Capt. Bryan was attached, is a resident of Orlando and a friend of the family and his notification permitted under existing war regulations was received in advance of any notice yet to be given by the War Department.

Deputy Sheriff Carl C. Black said the negro was a trusty at the local jail and walked away one day last February. No details were available here on the charge which has been filed against him in Houston.

Lt. Paul Muckelroy Writes Father of Cameron Flyer, Killed Over England, How Accident Took Life of Capt. Billy Batte Bryan, Air Hero

In a letter to John Bryan, father of Capt. Billy Bryan, just received here, Lt. Paul Muckelroy, companion of the dead flyer, relates for the first time how the accident occurred which took the life of the Cameron hero.

By special permission The Herald reproduced the letter which has just reached Cameron as follows:

Somewhere in France

July 4, 1944.

Dear Mr. Bryan:

"Please allow me to express my sincere sympathy in your time of sorrow of the loss of Billy. It was first at Kelly Field that I met Bill. But I didn't really get to know him until we both went to Orlando. There we became the best of friends and I can say I have known no finer fellow, no better pilot. We had many plans together of things to come after the war on how we wanted to live. He has spoken of you and Judy so often and what a good home life that he

had that I feel as tho I know you too. He was really proud of you. Billy did more than his share trying to get this thing over with as soon as possible. He proved himself to be the best pilot in the Sqdn. by getting the first two enemy fighters and let me tell you they weren't easy to knock out.

"Mr. Bryan you may be interested in knowing how the accident occurred. Billy was one of the five aboard a C-78 flying to England for a well earned 7 day leave. I was there and they ran into very bad weather in a hilly section. He and the other fellows from our squadron were passengers. Losing Billy was a great loss to the squadron, both as a pilot and as a great fellow, just how great no words can express.

"If there is ever any way that I can be of help to you Mr. Bryan, please do not hesitate to let me know. May God be with you and your family at this time of great sorrow."

A TRIBUTE TO CAPTAIN BILLY BATTE BRYAN

I sit today with blinding tears, And wander in memory back through the years—

I see coming to my house full of joy, A bright, little tow-headed, blue eyed, boy—

Happy and joyous, the livelong day, Ready for a fight or ready to play—

A brave little chap, afraid of no one, Laughing and playing until day is done—

I see him grow up, the same fine boy, Friendly, ambitious, courageous and full of joy—

And then there comes that dreadful hour, When all over the world war clouds lower—

Fathers and Mothers are put to the test, When from every home go the finest and best—

And Billy Batte Bryan goes with the rest, To help make our land one with peace blest—

Like an eagle he flew high up in the sky, And pierced the clouds with his brigat blue eye—

Bravely fighting, valiantly fighting day after day, While loved ones remembered him far away—

And then came the crash when Billy gave his life, Leaving his dad and lovely Tina, his wife—

He had lived his life to the very full, While many live lives so pointless and dull—

Sleep on Billy, you've done with war's strife, And paid as many others have, with your young life—

All over the world Mother's weep for a son, But we'll never give up till the victory's won.

(Mud) MRS. R. L. BATTE, Sr.

(The father of Capt. Bryan, John Bryan, lived in the R. L. Ratte, Sr., home from the age of nine years until he went to Hawaii and served his country as a soldier in World War No. 1.)

Lt. Bill Burns, of U. S. Navy Visiting In Cameron Today

Lt. Bill Burns, United States Navy, is in Cameron for a few days visit with his wife and other relatives before he is to report for duty in Hollywood, Florida.

Lt. Burns has recently received his promotion. He has just returned to the United States from duty in South America, where he was attached to one of the Navy's fleet air wing units as a radio-radar specialist.

Lt. Burns was returned to New York in June and received his commission as Lt. Junior Grade, United States Naval Reserve.

Lt. Burns volunteered for the navy more than a year ago and has seen much foreign duty. Friends here are mighty proud of his record and progress in the navy.

MAYOR SMITH WANTS MUNICIPAL BUILDING

Mayor Chas. C. Smith, in a letter to H. M. Hefley, Chairman of the Cameron Planning Board, expresses hope for the construction of a municipal building in Cameron which would serve all purposes and be a memorial to Cameron Firemen in that it would provide them with housing which they have long deserved.

Mayor Smith requests the Planning Board to give urgent consideration to the proposal in any recommendations it may make. Mr. Hefley, at home on vacation from his duties as President of the First National Bank, said he would soon convene the Board for work.

Here is Mayor Smith's letter:

After considerable discussion with various citizens and tax payers of our City the advisability of constructing a municipal building or City Hall in Cameron it seems to be the consensus of opinion that the erection of such a building, modern, up to date and properly equipped with all necessary conveniences would no doubt meet the unanimous approval of our citizenship generally. For many years suggestions have come from our leading business men that we should own our City Hall. Numerous towns over the state, smaller in population and with much less taxable values enjoy the privileges and benefits of a municipal building.

I have in mind an excellent location upon which stands the Old Grammar School Building. This is indeed an ideal piece of property, not too far from the business district. In fact a recent survey reveals that it is just about the same distance from the Post Office as said Post Office is from the present City Hall. I feel that the old building could be salvaged and renovated thereby saving the tax payers of Cameron many thousands of dollars. The location is, I think a good one and there is ample space for parking, play grounds and etc. The drainage is almost perfect. In this connection, will say I would like to see also included in the above set-up a modern fire station in which to house the City's equipment, and last but not least furnish attractive and comfortable quarters for our loyal and patriotic fire boys. Its a well known fact that the old station is obsolete and inadequate in every way.

The above is my proposal just as a private citizen and I sincerely hope you consider same as a part of your war program. I feel sure that our people are grateful for your work and co-operation in advancing our city at a time when it seems to be most logical. With the best of personal good wishes, I am

Cordially yours,

CHAS. C. SMITH.

Texas Pioneer Here On Visit; Veteran of Trail to Kansas

Mr. and Mrs. W. A. White of Nixon are in Cameron to visit with relatives for a few days. They accompanied Mr. and Mrs. J. B. White to the City Sunday from their home in Gonzales county. Mrs. White was recently a patient in Newton Memorial Hospital and is greatly improved in health.

Mr. and Mrs. White are grand parents of Miss Mary Frances White, Joe Bill White and Maj. Thomas J. White. They plan to return home next week. They are the parents of J. B. White, publisher. Mr. White, a Texas pioneer has just celebrated his 78th birthday. His grand mother on his father's side was a sister of Ben Milam for whom this county was named and for whom a statue was erected on the court house lawn. Mr. White is one of the few remaining Old Trail Drivers and is a member of the Association. In 1888 which was the last year the trails were open he drove 1100 head of Texas horses to Dodge City Kansas over the Jones and Plummer trail which skirts the staked plains of Texas. The horses were rounded up on the Taylor ranch in Menard county. The trail herd was put across the Colorado at flood stage at Ballinger.

30 More American Flyers Murdered By The Germans

The Germans have murdered 30 more American flyers, it was announced in England today by Sir James Drake, British leader.

If true the Germans have far exceeded the Japs in brutality and are condemned as severely for barbarism. Previously it had been announced that the Germans had murdered 30 flyers, all British. Drake did not say the additional 30 were British but indicated Americans.

Recently an observer said the German is the only civilized man in the world who does not possess a single trait of civilization.

To The People of Milam County:

"Since my announcement for a second term as your State Senator I have endeavored to see as many voters as possible. There are many whom I have not been able to personally contact.

I was born and reared in McLennan County. I began the practice of law in 1915. I served as County Judge, without opposition, for seven years, when I voluntarily retired and resumed the practice of law.

I have now served the people of the 13th Senatorial District one term and am now seeking a second term. During my first term I was present at every roll call and never absented myself at any time when important legislation was pending.

I am old enough—far above military age—to exercise sound judgment, yet young enough to be alert and vigorous in the interest of my constituents.

If permitted by your suffrage to serve a second term I pledge a faithful performance of duty, honest representation of all the people, and an unflinching fidelity to the trust reposed in me.

There is not any one vice incident to the mind of man against which the world has raised such a loud and universal outcry as against ingratitude. Whether re-elected or not I shall ever be grateful to all those who have been so kind, both by words and acts, to manifest an interest in my behalf.

Gratefully yours,

KYLE VICK.

HENRY WALLACE FIGHTS

Vice President Wallace is in Chicago to fight for the Vice Presidential nomination. Kansas has come out for him. Senator Truman has conceding nothing.

Another item of interest was the expressed belief of observers that Governor Coke R. Stevenson will have a run off with Minnie Fisher Cunningham.

Mr. and Mrs. Fabin Lazek and daughter visited in Cameron Wednesday.

FUEHRER IS BURNED AND BADLY BRUISED

An attempt was made to assassinate Adolph Hitler some time Thursday in Germany, according to a broadcast by DNB the official German news agency.

The broadcast said that an attempt had been made on the life of the fuhrer for the second time since November 8, 1939. Just how the attempt was made was not certain. The announcement said that Hitler suffered burns and bruises. Another account said he had suffered a brain concussion. This was not likely as he was born with a brain concussion.

A later version of the attempt to kill Hitler said he had held a conference with Benito Mussolini after the accident or the attempt to kill him.

This bit of sensational news high lighted the developments in Europe for the day.

Over in the Pacific things were getting bad for the Japs. The government of Tojo has fallen. The man who said he would exterminate the white race was put into the sewer along with other rats. He was removed. Emperor Hirohito has selected General Coheso and Admiral Yonoto to form a new government. No fundamental changes were contemplated, only a new attempt to overcome the losses which the Americans have inflicted. The Japs said that the fall of Saipan is the most serious defeat thus far.

Lt. Giles C. Avriett Escapes As Robot Hits His London Hotel

Lt. Giles C. Avriett, pilot of a B-24 Liberator based in England, finds it safer, somehow, to be in the air.

The flier, who has been awarded the Air Medal, and also shares in a presidential citation, went up to London on 48 hour pass after completing a specified number of missions.

Next thing that happened was one of Hitler's robot planes which exploded against Avriett's hotel, shattering all windows, damaging the walls and jarring the occupants. In triumph of English poise, however, the hotel served breakfast as usual next morning.

Avriett received his wings in August 1943, at Stuttgart, Ark., and went overseas about three months ago. He volunteered in September 1941, and was first assigned because of age—he is now 28—to air corps administrative duties. When the age rule was liberalized, he got a transfer to pilot's training.

Owen J. Barker With U. S. Marines Killed In Pacific Action

Owen J. Barker, United States Marines, has been killed in action somewhere in the South Pacific battle area.

Four years ago Barker volunteered for the Marines and had seen foreign duty twice during the present war.

The message that Barker had lost his life came to Andrew Armstrong, uncle of the dead Marine.

Barker volunteered for the Marines and served a year and a half in Iceland. He came home on furlough and

was later transferred to New River, N. C., and later to Oceanside, Calif., and from the west coast he went to the Pacific battle area.

Barker was a soldier and patriot who did not boast but had his share of the honors for he sent home a number of medals to show he had done his duty well and bravely.

He was a star football player at Rockdale High School and made his grades. He was 22 years of age. He has a brother, Paul Barker, stationed at Lewiston, La., and may now be on his way overseas.

G. C. Black of Gause was a business visitor in Cameron last week.

SAY ALL AIRMEN TO BE SHOT IF CAPTURED

The beastly Japs Saturday said they had executed B-29 American flyers who were shot down over Japanese territory in a recent attack on war industries in the mainland.

The Tokyo government was responsible for a further statement in which the Japs say they will execute all flyers who are taken prisoners.

Self confessed murders, the Japs now make it plain that no matter how grave the crimes charged against them, they are true.

For the second time in this war American flyers have been executed when they should have been treated as prisoners of war.

We are facing a new and entirely different kind of enemy, an enemy with bestial and pagan and soul destroying ideas. Witness the murder of those 8 American flyers, daring and honorable prisoners of war. They were beheaded, and a peculiar Japanese form of beheading. It isn't a quick merciful stroke. They slash them on one side of the jaw with a great slash and you are still conscious; on the other side in the jugular vein and you are still conscious while the blood flows; and then a third blow across the back of the neck and eight heads of fine American boys roll into the Japanese filth.

The next time you hear a half baked palooka refer to the Japs as our little brown brothers try to persuade him to remember the atrocities which are now and have been committed against the innocent peoples of the earth by these slant eyed rats masquerading in human form.

The Japs said Saturday the Americans are now using the airfields on Siapan. A spokesman said the situation is serious and there is no room for optimism.

To the People of Milam County:

It will not be possible to see each of you. I know we are all anxious to do everything possible and make any sacrifice under present conditions. In the few days left before the Primary I am taking this means to ask for your help, your vote and your support in my race for District Clerk.

As you well know my ambition to hold this office dates through two previous campaigns. Each time you gave me increased support. I would be ungrateful indeed if I did not thank you from the bottom of my heart for all the things you have done for me. For your splendid votes in the past you will always have my gratitude.

I want to serve you as District Clerk because I know I can do so in a way you will approve. It is only human to say that I feel I need this office but I would not put my personal desires above the public good, but I know I can serve you with efficiency, loyalty and understanding. I was born and reared in Milam County. My life has been a busy one, hard work, careful preparation for any obligation I might assume in my duty to the people and to my country. My business experience has equipped me to amply take care of the duties of this office. No man could have a better reason to ask for an office than his fitness for its duties. I will not disappoint you. I am grateful for the fine things my friends are saying, and to live up to their expectations would be my constant aim.

I want your vote, your aid and your support in my race. I will serve you in a way that will prove my gratitude.

The biggest moment on earth to a fighting man is when he returns home. And one of the things that makes him feel at home is the old familiar phrase... Have a "Coke". Woman Involved In Cafe Disturbance Pays Fine of \$18.50

Mrs. Odessa Strickland of Houston was released by the office of the county attorney and sheriff after she had paid a fine of \$18.50 in Justice Court for her part in the disturbance at the Moore Cafe Monday night in which George T. Moore, 67, suffered a heart attack from which he died.

Mrs. Strickland became involved in a quarrel with Louis Springer in the cafe and also two soldiers were involved whose names were not learned. When Mr. Moore tried to quell the disturbance Mrs. Strickland was reported by an eye witness to have struck Mr. Moore who was trying to eject her.

Mr. Moore and the woman fell to the floor of the safe and Mr. Moore suffered a heart stroke. He died instantly.

The woman was later arrested. At the time of the trouble no officers could be found.

The body of Mr. Moore was removed to a dining room adjoining the kitchen. When a physician arrived he had been dead about 15 minutes.

Over at the court house an investigation was made after the woman had been jailed for the night. A charge of negligent homicide which at first was contemplated had to be abandoned because of the facts in the case. It was denied officially that the woman had struck Mr. Moore, but it was admitted she had made an attempt to strike him. A private report from an eye witness to The Herald said the woman struck Mr. Moore with her fist. Before going to the Moore Cafe where she was served a bottle of beer she was asked to leave another cafe where beer is sold.

Mrs. Ernest Rosenburg of Austin is pending a few days in the home of her mother and sister, Mrs. Lou Meyers and Miss Lalla Meyers. Mrs. Meyers who some months ago fell and suffered a broken hip is reported to be improving and is able to be up some. Her many friends will be glad to hear of her improvement.

Hollis Lee Wier of Franklin has concluded a visit with relatives and friends in Cameron.

Wilkerson's Return To Reformatory Is Decried by Court

Charlie Wilkerson, charged with robbery of the Municipal Swimming Pool Store Saturday night, must return to Reform School at Gatesville.

Judge O. L. Kidd at a hearing in District Court, adjudged Earnest Barkemeyer a juvenile delinquent but paroled him to J. L. Hightower of Walkers Creek.

Wilkerson because of a previous commitment for two years to the school, will have to return. Ed. Gun, county attorney, explained that under the new Juvenile Delinquency act, if a boy violates his parole he is automatically sentenced.

Carl C. Black, deputy sheriff, placed both boys under arrest. He found Wilkerson in Cameron and went to Walkers Creek to get the Barkemeyer boy. Another boy was also picked up but was innocent of the robbery. Mr. Black was entirely

RE-ELECT

HENRY G. LEHMAN

FLORIAL REPRESENTATIVE

A good record of service for his District is his basis for re-election.

He led the fight against the bill that would have taken Milam County out of this District.

He has carried on a clean campaign and has refrained from dealing in any personalities, whatsoever, and if re-elected will continue to hold the confidence placed in him as a sacred trust and will continue to promote the interest of the people he represents.

He has, since first elected, supported old age pensions 100 per cent and was one of the members who

helped liberalize pensions, his record in House Journal will prove this statement.

He appreciates the nice majority that Milam County has given him in the past and will appreciate your going to the polls Saturday and again voting to re-elect Henry G. Lehman, Florial Representative.

To the People of Milam County:

As a candidate for Sheriff I have tried to see all the voters, but no doubt there are a number I have not been able to talk to about my race for Sheriff.

As Chief Deputy in this office, it has fallen to my lot to do a great deal of work and I feel this valuable experience will enable me to serve you as you expect of your sheriff.

I was born and reared in this county. I am past military age but young enough to be vigorous in the enforcement of law and to give the office all possible devotion to duty. I have a son who has just entered the Army service and in every way possible it has been my pleasure and privilege to serve the war effort. Many

new duties have been imposed on officers as a result of the war.

I want to thank all my friends and all who have taken such an active interest in my behalf. I pledge the people that they will have no cause to regret having voted for me for Sheriff.

This office is one of great responsibility, requiring qualifications which I believe I possess and which my many supporters believe I have. I will be Sheriff with fairness to all; I will enforce the law and will see to it that your wishes are respected and the high standard of service the people demand will be achieved if you elect me to this place.

Tribute to General Theodore Roosevelt

A tribute to General Theodore Roosevelt who died Wednesday night in France, was voiced here Saturday by Emmett W. Streetman, veteran who fought with the famous First Division in World War 1.

Brig. Gen. Roosevelt died on the soil of France which he had fought the Germans to liberate twice within 25 years. He died from a heart attack and was buried with full military honors. In World War 1, Lt. Quinton Roosevelt, an aviator, was killed in France and is also buried there.

Mr. Streetman, when informed of the General's death said:

"It was with deep sorrow that I learned of the passing of Brig. Gen. Theodore Roosevelt. It was my pleasure and honor to become acquainted with him on the battle fields of France in World War 1 while on detached service with the 26th Infantry to which he belonged, and then a Colonel. He was one of the men I picked up on the battle field. He was kind and considerate of the enlisted men. After getting his wounds dressed at the Regimental Infirmary he was sent to a field hospital and then to another hospital. Soon after arriving there he learned that his Regiment was going to another front. Being a member of the fighting Roosevelt family he would not wait for his wounds to heal nor a discharge from the hospital, he left and joined his regiment and went back into battle with the men he knew and loved.

"At the American Legion convention in New York I again met General Roosevelt and had a short and pleasant visit with him.

"When the United States became involved in this war he immediately re-joined the old First Division and served with them during the North African campaign. Later he was transferred to the Fourth Division where he became vice commander and made the invasion. When he reports to his Supreme Commander, I know he will be greeted with 'Well done my good and faithful soldier.'

Cpl. Doris Porter of Gunner Field, Ala., Mrs. Marvin Lunsford of Dallas and Mrs. Bud Wuroch of Rosebud spent the week end in the Dan Lunsford home.

To The Voters Of Milam County:

Due to war time restrictions, and to the fact that voters are too busy to talk to candidates, I cannot see many people in person; I must depend upon the newspapers and friends to help me in this campaign.

Before I decided to run written request was made of Mr. Lehman to know why he had not resigned and gone to the army or into war work, as a majority of the members of the legislature had done, who were in the draft age.

He did not answer; the second request was made and no answer.

In the same mail he was requested to say how he was doing in buying bonds and contributing to the Red Cross. He did not answer, a second request was made; he did not answer.

Written request was then made that he allow the draft board at Giddings and the Bond committee to give this information; he did not give his consent.

I decided that the good old Counties of Lee, Milam and Burleson county, Texas, should have some one to represent them other than Mr. Lehman and no one else offered, so I am in the race.

If he will resign now and go into war work, or into the service, I will also withdraw, and let the Governor call an election, and let some veteran of World War 1, or of this war, or some father that has one or more sons in the service and who is above draft age, have the place.

He cannot say his health will not permit, because he is campaigning every day in this extreme heat; and he can't say that he is not needed. We hear over the radio every day and night, that the man power shortage is acute.

I refer all voters to H. H. Womble, Chairman of the Bond Committee, and D. L. Alford, Jr., of the Red Cross, both Caldwell, Texas, as to my activities in Burleson County. I am not ashamed to tell any one, and especially my opponent.

I did not want to run for the office; I spent six years of hard work in the Senate of Texas, but, when duty calls and demands are made, I would be a slacker if I failed to respond.

It matters not what may be told in the last days before the election about me, that will not justify the election of my opponent. I guess he will give out some deathbed statements.

Respectfully,
R. S. BOWERS,
Caldwell, Texas.

Cpl. Raymond Krupicka Writes About War From France; Says Germans Litter Fields Where They Are Slain By Americans In Battle Now Raging

Cpl. Raymond Krupicka of Buckhots, has written a letter to his parents, Mr. and Mrs. Vince Krupicka, telling something of the war as he has witnessed it in France.

Cpl. Krupicka was with the invasion forces landing on Normandy in France on June 6th. The letter is dated June 23, and The Herald is pleased to quote extracts from this letter:

"No doubt you folks at home wonder how things are with us here," said Cpl. Krupicka. "To tell you the truth it is hell. Every move we make we dig a fox hole and everybody enjoys the protection it affords.

"Yesterday I went out for a short walk and happened upon two French boys milking cows. I got a bucket from one of these boys and milked one of the cows. They were surprised when I got that bucket almost full of milk. One of them asked me if I milked cows back in America.

"It is hard to understand these French. If you tied your hands you could not get along so well.

"A few days ago I went up to the front. Talk about dead Germans. They lie along the roads everywhere and there are many of them. One can see all kinds of things happening here. The people here have good looking cattle and believe in raising

To The Voters of Milam County:

It has been my purpose to see as many of you as possible and to talk with you regarding my candidacy for District Clerk but due to the necessity of working every day possible in this business of making a living I knew it would be impossible for me to see all of the people. I am indeed sorry that I have been unable to talk to all of you.

It is my belief that you people want a well qualified man for your next District Clerk and I am offering you just that. By both education and experience this candidate is capable of performing each and every duty of that important office. These duties are prescribed by the laws of our state and I promise, if elected, to perform them capable, honestly and courteously. Regardless of any other promise I might make I could do no more. I need the office and it is my ambition to serve as your next District Clerk.

You folks have been lovely to Mrs. Skelton and me as we have campaigned over the county and we greatly appreciate this. For the many words of encouragement and promises of support that we have received we are deeply grateful.

Eagerly soliciting your vote and influence for W. B. Skelton I urge you to go to the polls and vote on Saturday, July 22nd.

Two Boys Held In Robbery Municipal Pool Store Saturday

Two boys were in jail here Monday morning charged with robbing the store at the Municipal Swimming Pool sometime Saturday night.

The two boys are Charlie Wilkerson and Earnest Barkemeyer. The boys were placed under arrest by Douglas Barron, special police officer.

The boys took about \$20 worth of candy and soda water from the store at the pool operated by Mrs. N. J. Johnson.

Early Monday morning the merchandise was located in the Union Warehouse on the Santa Fe. The goods were found by men moving some linters from the warehouse held in storage of the R. L. Batte interests.

Deputy Sheriff Carl C. Black telephoned the Herald about the discovery of the merchandise which had cleared up the case. The boys are being held pending disposition of their

case. Charlie Wilkerson, formerly sentenced to State Reform School, was involved in the robbery of the Cameron Theatre here some months ago. In the same case another young man was sent to prison. Wilkerson's age saved him and he was later released. Now he faces another similar charge. His home is at Branchville.

So far as known Earnest Barkemeyer had not been involved in any previous trouble. His home is at Silver City out on the old Jones Prairie and Maysfield road.

The robbery of the Municipal Swimming Pool Store was one of two such robberies Saturday night. A number of gas ration books were stolen from a local service station. These have not been recovered and no arrests have been made.

TO THE PEOPLE OF Commissioner Precinct 2:

In making the race for Commissioner of Precinct 2, I entered the race with the support and encouragement of many voters. In these few days before the Primary on Saturday, I want to take this opportunity to express my sincere thanks to all.

As a business man my qualifications will enable me to serve you well. I know what is expected of a Commissioner; that the office is important because it has to do with the business not only of the Precinct but the county as well.

My first duty will be to the people of the Precinct. I believe all the people should share in the benefits of taxes and that a Commissioner should feel at all times a keen personal interest in the problems of each community. That will be my policy.

There may be some I have not seen but I hope to see you personally and ask for your support. If I do not get opportunity to see you, this is my personal appeal to your for your vote and support.

I will bring to the office: Business experience, knowledge of the people, efficiency and understanding. I am a veteran of World War I, having spent a long time fighting on foreign soil. As a citizen I have tried to do my share and I submit my record as a citizen and my experience as business man to you.

TO THE PEOPLE OF MILAM COUNTY:

In asking for a first elective term as District Clerk I feel that my qualifications are meritorious; that by reason of having served in this office, though for a comparatively short time, I have equipped myself to give the kind of service the Court and Public demand.

It has not been possible to see each voter as war restrictions and devotion to duty have kept me in my office which is operated without any additional cost to the Tax Payers. I hope to see as many as possible between now and Saturday, but I want you to take this as my personal appeal for your support. I want to thank my many friends and all who are manifesting such fine interest in my campaign.

OF COMMISSIONER PRECINCT NO. 2

There are a few voters whom I have not been able to contact personally in my campaign for Commissioner of this Precinct, but I will endeavor to see them before July 22nd.

I feel am fully qualified to hold this office upon the merits of my business activities as a responsible citizen of this community.

If elected to this office I will give a performance of good judgment, honesty and make a capable record of which my county will be proud. The same successful business methods which have enabled

me to succeed with my activities, I will carry into the office of Commissioner to maintain a high standard of service and apply the best of methods to the business of the people.

Anyone holding public office should be capable, energetic and efficient, and if elected to this office I will not permit these expectations to fail in me.

Voters in this Precinct, I will greatly appreciate your support and pledge you my best efforts to serve. You will have no cause to regret having voted for

FOR COMMISSIONER OF PRECINCT NO. 2

(Political Advertisement)

To the People of Milam County:

I want to thank all my friends and supporters for their interest in my campaign. In these few days remaining before the Primary on Saturday it may not be possible to see each voter. I wish I could see you and ask you personally for your vote.

Milam county needs a Sheriff of the kind I think I could make you. If there ever was a time when respect should be enforced for the office it is now. I do not wish to be unfair but in justice to all it should be said that the time is here and has been here for a long time for the Sheriff to do his full duty.

When men commit crimes they should be arrested and placed in jail. They should not tell the Sheriff what to do. They will

never tell me what to do, I guarantee you. Milam County needs some good, old fashioned law enforcement and I can give it. I have had experience and there is no substitute for experience.

I would be fair to all. No one would have cause to fear injustice. The people as a whole need no officer for they are good and law abiding. It is the toughs who need disciplin, the little gangsters who seem now to be bigger than the law. They won't be if you elect me.

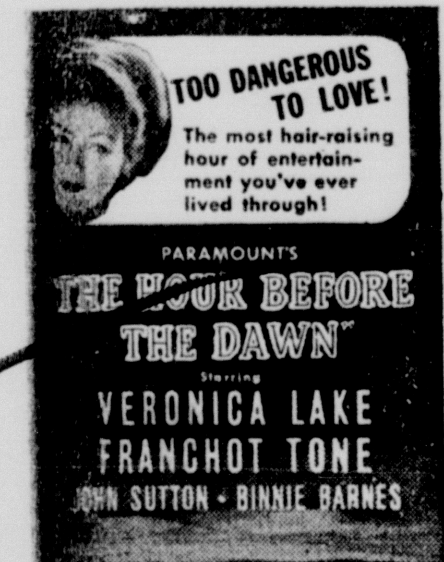

I know all the people and I know what they expect. The high type of service they expect and deserve I would give them.

This is my personal appeal for your vote and support on SATURDAY, July 22, 1944.
